

General Flow:

Slagalica.me

1. ASSEMBLE the WHITE SIDE

2. PERMUTATE the **YELLOW CORNERS**

3. ORIENTATE the YELLOW CORNERS

1. Assemble the WHITE SIDE: Find the correct corner and, if it's on the bottom, place it under the spot where it belongs.

White is on the **BOTTOM** and facing **YOU**

o

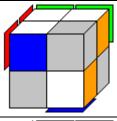

GOOD ACCEPTABLE

spot where it belongs.

SIDE:

ASSEMBLE THE WHITE

place it under the

FDF' BRB' RF'R'F D'R'DR [R'D'RD]x5

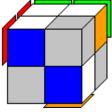

White is on the **BOTTOM** and facing to the **RIGHT**

R'D'R L'F'L F'RFR'

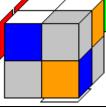

White is on the **BOTTOM** and facing **DOWN**

L'D'F2DL BDR2D'B' R'DRD2R'D'R [R'D'RD]x3

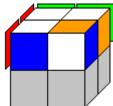

White is on the **TOP** and facing YOU

R'DRFDF' FDF'D'FDF' [D'R'DR]D'R'D [R'D'RD]x4

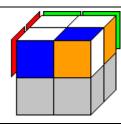

White is on the **TOP** and facing to the RIGHT

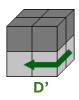

FD'F'R'D'R [R'D'RD]R'D'R

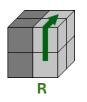

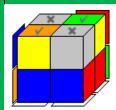

TWO good pieces ON DIAGONAL. A piece is good if two of its colors match the colors of the piece beneath it.

DIAGONAL MATCH last move: U for / and U' for \ F[URU'R']F' [U for / or U' for \]

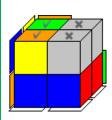

TWO good pieces ON SIDE. A piece is good if two of its colors match the colors of the piece beneath it.

MATCH on the LEFT U2 R U'L' U R'U'L

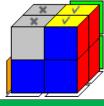

MATCH on the **RIGHT** [R'D']x7R'

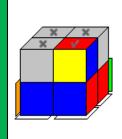

SINGLE good piece. A piece is good if two of its colors match the colors of the piece beneath it.

URU'L' UR'U'L

L'URU' LUR'U'

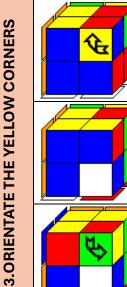

Orientate the yellow corners one by one. The corner to be oriented should be in the top right.

[D' R' D R]x2

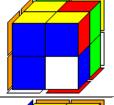

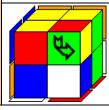

Hold the bottom layer steady!

Do not turn the cube! Use just U-turns to put the next piece to orient to the right-top position.

[R'D'RD]x2
